## WORK EXPERIENCE

Web Developer 2023 APR - JUL

### Chill Ahi I Tel Aviv

Improved website performance by 20% through optimization techniques like reducing HTTP requests and optimizing images. This resulted in faster loading times and a more positive user experience. Additionally, I maintained and designed the website structure to ensure efficient content delivery.

Front-End Developer 2023 - 2024

### Webify Studio I Reshon le Zion

I have started this business and I've made personal projects with React JS, API's and responsive designs for all screens, including fast website performance (for each site).

In this job I experienced working with a team and improved my communication skills

Web developer Freelance 2022 - 2023

### Fiver

Successfully managed multiple projects simultaneously, ensuring timely delivery and client satisfaction through effective communication and project management skills.

## PROJECTS

### Gericht Restaurant

Built a responsive and user-friendly website showcasing their menu, ambiance, and contact information. Using HTML CSS TypeScript and React JS.

### DocChat - Chat Web App

Develop a secure, real-time chat application, for doctor - patient communication in real time.

Using HTML CSS JavaScript React JS, API's and DataBase.

## ABOUT ME

Highly motivated Front-End Developer with 3+ years of self-directed learning, passionate about crafting user-centric interfaces. Recently redesigned a complex e-commerce website. Skilled in HTML, CSS, JavaScript, and React. Eager to contribute to a collaborative and innovative team.
